

**STATEMENT OF CANDIDATE FOR
PLACER COUNTY WATER AGENCY, DISTRICT 2**

ALEX FERREIRA

Occupation: Rancher

Education and Qualifications: In seeking re-election to the PCWA's board of directors, I reaffirm my commitment to ensuring that our county's residents, farmers, ranchers and businesses continue to receive all the water they need, and to guarantee a water supply to meet the demands of future growth. After all, next to our families, water is our most important asset -- without an assured water supply, our district would be a desert. I'm a Placer County native, a product of local schools, a rancher and a U.S. Army veteran. My public record includes director's seats on the governing boards of the Gold Country Fair and Nevada Irrigation District, along with Grand Jury service. I represented our District 2 on the Placer County Board of Supervisors for 24 years. I was instrumental in separating the PCWA Board from the Board of Supervisors and making the Water Agency directly accountable to the people it serves. I'm proud that my candidacy is endorsed by many public officials, including District 2 Supervisor Robert Weygandt and Sheriff Ed Bonner. Thanks for your faith in me.
